

Greetings Shepherdsville Resident,

It is with great excitement that Republic Services announces that we have entered into an agreement with the City of Shepherdsville to provide trash services. Our goal is to make the change as seamless as possible, but request a little assistance from you, the citizen. Below are the guidelines for what services we offer and the cost associated with such services. For single family residences:

- Price per quarter: \$28.80 for one (1) provided 96-gallon cart serviced one-time per week.
 - o Republic Services is an automated service provider and **requires** that all trash be placed inside a Republic Services 96-gallon cart with the ability for the lid to close and placed at the curb. Cart(s) must be placed at least 3 feet from all obstacles such as mailboxes, cars, and light poles, etc.
 - o Additional carts will be available to you for an additional charge of \$1.65 per month, billed quarterly.
 - o Each address is entitled to one (1) large bulk item per week. The resident must call this item into customer service or schedule through our "My Resource" app, no less than 24-business hours in advance. A bulk item consists of household items only, such as: furniture, an appliance, a box spring, a mattress (must be wrapped in plastic), etc. Construction/demolition material will not be accepted.
 - o Republic Services will provide two (2) community-wide pickup days per year, one in February and one in August. On these days, you may set out up to **four** bulk items.

It is essential that we receive the below information **within 2 weeks of receiving this**. You have 3 options in returning this information to us:

1. Return bottom portion to 1423 S Jackson St, Louisville, KY 40208
2. Call and leave a message with below information on our temporary phone line dedicated to you: 502-636-9448
3. Send an email with the information to a dedicated email: Shepherdsville@republicservices.com
