**Controller Stephanie Kellerman:** Chief Troutman reported to City Controller Stephanie that he should know something today on whether or not HGAC will take our letter as payment. If they don't we need to un-restrict the \$1 million so that I can pay for the trucks and then get reimbursed I talked to Kevin at Republic Bank and he approve a letter saying that it is a done deal, they got verbal commitment from everyone they just need everyone they just need everyone's physical signature. There is no way that it is not going to go through. Gloria Taft: I thought we had 15 days. City Controller Stephanie: We do, that ends tomorrow. Fifteen days from the day the contract was signed not from the day of the Special Meeting. He told me it was 15 days from the day of the signature. Donna Burke made motion to un-restrict the \$1 million necessary to facilitate getting funds for the fire trucks and when those funds come in from Republic Bank they return to restricted status.
